The highlight of the **Pokeworks Queensway Menu** is the “**Poke Your Way**” section, where you can truly personalize your meal. You start by choosing your base-whether it's rice, salad, or a burrito wrap-and then move on to the fun part: picking proteins like ahi tuna, salmon, shrimp, or tofu. For larger appetites, the **Poke Burrito Large** or **Poke Your Way Large** bowls deliver generous portions without compromising on freshness. If you prefer something lighter, the regular size still packs plenty of flavor. The **Poke Salad Large** is also a favorite among health-conscious diners, offering a crisp mix of greens topped with your protein of choice and a drizzle of house sauces that bring everything together beautifully.

For those who prefer curated flavor combinations, the **Signature Works** section showcases Pokeworks' best creations. The **Spicy Ahi Regular** is a bold, flavor-packed choice that balances creamy and spicy elements perfectly. Each bite of tender ahi tuna is complemented by crunchy toppings and a kick of sriracha mayo that keeps you coming back for more. Vegetarians will love the **Sweet Shoyu Tofu (V)**-available in both large and regular sizes-which brings a satisfying umami punch with tofu marinated in a sweet soy glaze. Another standout is the **Hawaiian Ahi Regular**, a tribute to traditional poke, where simplicity shines through in the quality of the fish and the freshness of the ingredients. If you're craving something richer, the **Umami Ahi Large** delivers layers of savory depth, combining soy, sesame, and seaweed for that perfect oceanic bite.

A poke experience wouldn't be complete without some tasty sides, and the **Pokeworks Queensway Menu** delivers plenty of options to round out your meal. The **Side of Spicy Edamame** adds a satisfying crunch and a hint of heat, perfect as a starter or a shared snack. The **Side of Seaweed Salad** brings a refreshing contrast with its light, tangy notes, while the **Garlic Spam Musubi** is an irresistible fusion of Hawaiian and Japanese street food culture-crispy, garlicky, and deeply comforting. For those craving warmth, the **Hot Miso Soup** offers a soothing complement to the cold poke bowls, and the **Side of Rice** is always a good backup if you want a heartier base.

No meal is complete without a sweet treat, and Pokeworks doesn't disappoint. Their dessert lineup keeps things simple yet satisfying. The **Brownie** is rich and fudgy, perfect for chocolate lovers, while the **Chocolate Chunk Cookie** has that classic homemade feel-crispy on the edges, chewy in the middle, and loaded with melty chocolate chunks. It's a sweet way to finish off a fresh and flavorful meal.

To wash it all down, the **Drinks** section of the **Pokeworks Queensway Menu** offers a mix of classics and fun twists. You can grab a **Coca-Cola Bottle**, **Coke Zero**, **Sprite**, or **Fanta** for something familiar, or try the **Reign Peach Nectarine** for a refreshing and slightly exotic kick. It’s a great choice for anyone who wants a bit more energy to go with their poke bowl.
